Pulp and Paper Services, LLC was established in 1996 by the husband and wife team of Phillip and Pamela Sirois. We started by providing fiber species analysis, expanded with fiber length and coarseness, total reducible sulfur, permanence testing, FTIR spectroscopy, physical pulp and paper testing, AA-GFAA spectroscopy, sheet splitting, automated fiber analysis, felt analysis, plus more.

Pulp and Paper Services - Testing Services for FTIR, Fiber ...

These teams will be awarded a portion of up to \$1 million in funding, and up to six of them will be moving on to a post-Challenge business accelerator. Accelerator teams will be advancing their solutions by exploring questions around technical feasibility, business viability, and user desirability.

Announcing the NextGen Cup Challenge Winners

Building insulation materials are the building materials which form the thermal envelope of a building or otherwise reduce heat transfer. Insulation may be categorized by its composition (natural or synthetic materials), form (batts, blankets, loose-fill, spray foam, and panels), structural contribution (insulating concrete forms, structured panels, and straw bales), functional mode ...

Building insulation materials - Wikipedia

1. Introduction. One of the major bottlenecks of chemistry as well as biology, fueled by the urgent requirement of climate alteration diminution, is to develop sustainable approaches/ methodologies towards the transformation of lignocellulosic biomass into biofuels/bioenergy and range of value-added products i.e. biodegradable plastics, biochemicals, advanced biofuels etc. (Sheldon, 2014 ...

The path forward for lignocellulose biorefineries ...

We have a large selection of plastics to choose from. If you don't see the product you're looking for in this list, we may still have it! Please give us a call at 888-768-5759 for more information on how we can provide your solutions in plastics.
