Matrilineality is the tracing of kinship through the female line. It may also correlate with a social system in which each person is identified with their matriline - their mother's lineage - and which can involve the inheritance of property and/or titles. A matriline is a line of descent from a female ancestor to a descendant (of either sex) in which the individuals in all intervening ...

Matrilineality - Wikipedia

Prefer composition over inheritance as it is more malleable / easy to modify later, but do not use a compose-always approach. With composition, it's easy to change behavior on the fly with Dependency Injection / Setters.

language agnostic - Prefer composition over inheritance ...

GENETICS PRACTICE In pigs, black color is dominant over pink color. For each set of parents below, write an allele key, establish parental genotypes, and then, using Punnett Squares, show the results of the following:

General practice covered workers under Lloyd George's National Insurance Act of 1911, but not their wives and families, whose proper demands were curtailed by the need to pay fees for service. 2 When they were sick, it was the GP to whom people wished to turn. The work of the GP had been described in idealistic terms by Lord Dawson in his report of 1920, which laid out the structure a health ...
