

Super Resolution Video Software

Super Resolution Video Software

Super-resolution (also spelled as super resolution and superresolution) is a term for a set of methods of upscaling video or images. Terms such as "upscale", "upsized", "up-convert" and "uprez" also describe increase of resolution in either image processing or video editing.

What is super-resolution - Video enhancement software ...

Processing speed is considerably higher than for other SuperResolution approaches known to us. Upscaling factor should be a power of 2. Other scaling factors are also possible, but they result in a relatively lesser quality of video due to use of additional common resampling algorithm.

memory - How do I calculate video RAM requirements ...

AKVIS Magnifier is an efficient tool for increasing image resolution. If you attempt to blow up a picture (increase its resolution) using the standard Resize command of a photo editor, you will notice that the resulting photo is blurred and pixelated. The reason is that the input photo didn't contain enough information for the new size.

AKVIS Magnifier Enlarges Photos to Super-High Resolution

The Matlab software for PR, multi-image deconvolution, phasor plot calculation and FRC analysis is freely available for academic use and is provided online with this paper as Supplementary Software.

A robust and versatile platform for image scanning ...

The Super Game Boy (スーパーゲームボーイ, Sūpā Gēmu Bōi) is a peripheral that allows Game Boy cartridges to be played on a Super Nintendo Entertainment System console. Released in June 1994, it retailed for \$59.99 in the United States and £49.99 in the United Kingdom.

Super Game Boy - Wikipedia

The graphics display resolution is the width and height dimension of an electronic visual display device, such as a computer monitor, in pixels. Certain combinations of width and height are standardized and typically given a name and an initialism that is descriptive of its dimensions. A higher display resolution in a display of the same size means that displayed photo or video content appears ...
