“Monumental...The Overstory accomplishes what few living writers from either camp, art or science, could attempt. Using the tools of the story, he pulls readers heart-first into a perspective so much longer-lived and more subtly developed than the human purview that we gain glimpses of a vast, primordial sensibility, while watching our own kind get whittled down to size...A gigantic fable of ...

Babylon 5 (1993–1998), created by J. Michael Straczynski, is a science fiction television epic about Babylon 5, an Earth-governed space station built to promote harmony between interstellar civilizations. It is unusual in its focus on a story arc which dominates the events through its five-year run.
